

A new monthly project and website gallery  
for Southside Camera Club members

## **The Focus Gallery**

As we no longer have the opportunity to show images at the end of the monthly meeting, we've come up with a way which will complement what we have done previously. So you will have two opportunities to show your photos: F22 and the new Focus Gallery in our website.

**For Focus - the difference is you will be given a monthly topic. Topics will be able to be accomplished under the current Covid restrictions and with photos taken on your mobile phone or camera.**

**F22 photos will remain the same with open subjects.**

### How will it work?

You email your photos to:

**webmaster@southsidecameraclub.org**

### Technical requirements:

Small files please, **500 KB** is plenty, in jpg format. We cannot keep your images secure from someone who might copy and use them elsewhere. If that bothers you, you could place a watermark on them, or select not to participate.

### Credit/caption:

Contributors should give their name as they want it shown and a caption for each photo and the topic.

### **Is there a limit to the number of images?**

Yes five – which gives you the opportunity to create a series if you wish.

### What is the deadline for each month:

**2<sup>nd</sup> Thursday in the month.** The same as our monthly meeting but you can email photos as soon as you have taken them as spreading the uploads will assist our webmaster. Topics are:

#### **April/May 14: The Colours of Autumn**

You may even consider broadening your photos to incorporate subjects that predominantly relate to autumn colours.

#### **May 14 to June 11: Pounding the Pavement**

We're all doing it. Photos taken when walking.

#### **June 12 to July 9: My backyard**

#### **July 9 to August 13: Patterns**

#### **August 13 to September 10: Self-portrait**

#### **September 10 to October 8: Welcoming new growth**
